OUTREACH MEETINGS AT DRUG CENTRE – INGIRIYA, APRIL 28 & 29, 2006

The drug centre is on a small tea and coconut private Estate at Ingiriya. The owner Mrs. Dhanya Soysa a Christian, was known to us for more than ten years, and we had lost contact for many years, until she called us in April for prayer for her for healing of cancer.

I was so thrilled when she reminded me of a word the Lord gave through me more than ten years ago which was fulfilled a few years back. There was a Hindu Kovil on top of the hill. During an all-night prayer meeting the Lord showed me many young people lifting their hands and worshipping our wonderful Lord right on this hill where the Hindu Kovil was. Today this is the exact location where the drug centre is situated and the young people worship there twice a day. The Hindu kovil is no more, Praise and glory to our wonderful Lord, for showing us His plans and fulfilling them.

Sister Dhanya said to me that I must come and see the fulfillment of God's promise and also minister to them, and I said yes. We reached there on Friday evening and after tea we had the first meeting. We began with a glorious time of worship and we all felt the presence of God in a marvelous way. The Holy Spirit asked me, whether I would let Him talk through me, and I was delighted to do so. The words just bubbled out of me and I spoke as long as our precious Lord wanted me. Later many said that those words just ministered, comforted and confirmed things from the Lord.

Then the Lord asked me to pray and prophesy over each one. There were two young girls who were delivered from drugs, and later told us their story. I just couldn't believe the abuse and trauma they had been through. The police picked them from a night club. Tears rolled down their cheeks and their hard faces were changed by the love and power of God. They couldn't believe their ears when the Lord told them He was giving them loving husbands and a happy home and future. One young girl had a desire to go abroad one day, and the Lord picked that out and told her He will take her to many countries.

The workers were stressed out due to over work. The harvest truly is plenty but the workers are few. They were filled with the Holy Spirit once again and refreshed. They told us how good and refreshed they felt after the meeting. I told them it was the Holy Spirit's touch and work on their

lives. All of them were blessed and wrote down their prophecies. Many received healing too. We were able to break generation curses and they were able to repent of their generation sins. We also ministered to sister Dhanya for her total deliverance from cancer.

Shyama, the two children and I stayed over the night, and the next morning we had a meeting for all at the drug centre. One of the girls we ministered the previous night volunteered to interpret and she did a great job and was anointed and accurate. There were 32 boys, 2 girls, the staff and house maids and also our dear sister the owner of the Estate. The presence of God was felt again and they were delighted to know that many years ago I was a drug addict too. Everyone was ministered to and received words from the Lord. Our glorious Lord did a very special healing too. All four young people who had brain damages were totally healed by the power of God. They could remember dates and events that they had forgotten. It was such a glorious meeting. Every one asked us to come again and minister, including sister Dhanya. I was so sad to hear that they have only a visiting Pastor just once a year. The leaders minister to them. I promised I will come again and as often as I can. Please keep all this in your prayers.

We parted with tears in our eyes, as we saw the look on each face as we wished them goodbye. Many were crying too, asking us to please come again. To God be all the glory, honour and praise.

Thanks a million for all you are doing to send me to the lost. Whenever I minister, I now always feel like you are there by my side, in addition to the presence of our wonderful Lord. It is worth the sacrifice. In heaven we will be glad we did so.

Thanks so much for all your love, prayers & support which is enabling us to reach out to this nation of Sri Lanka, with salvation, healing & deliverance, which desperately needs Jesus.

The young people have captured my heart after this meeting. I am praying desperately for them like never before. How many more young people in the whole world, whom we do not know are abused, drugged and tortured like this. The love for the lost is increasing in my heart. Please remember them in your prayers.

Words are not enough to express my gratitude to you, for your love and all you are doing for the Lord and the lost.

With our love for you and the lost!
